

Dear Judiciary Committee,

I am writing to express my 100% OPPOSITION to H.B. 6355

Is this not invasion of privacy? Neighbors turning in neighbors?

Big brother controlling its citizens?

This is just a step in a bad direction under the false pretence of safety.

Please do not allow this assault on a persons individual rights being attacked by another so-called higher authority!

It is unconstitutional.

Sincerely,

Thomas P. Turci
